Holistic Therapy

Hopi Ear Candles

This is an ancient method of healing used by the Hopi Indian Tribe and now shared across the world. The wholly natural candles work as a chimney, drawing any obstructions within the ear to the surface where they can be gently removed. They act to equalize the pressure in the head and ears, making them a really useful combatant to sinusitis and migraine. A relaxing experience bringing relief to a great many conditions.

Therapy time 30-45 minutes.
